There are few great moments in life. This is one of them.

The Great One by Pontiac

LETTER FROM THE PRESIDENT - A.J. BASTIEN (Tony)

Did you know that the "G" in GTO stands for "Gobs of power"?, yeah, and the "T" is for "Terrifying", the "O", of course, is for "Overkill"or the "G" means "Great", the "T" stands for "Tireburner" and the "O" ...well, how about "Outasight"? Really entertaining, or so I thought. Kind of like "there are none so blind as those who will not see" which you can change to "there are none so slow as those who will not goat", We're talking classy prose here, stuff which will no doubt become part of American Literature.

Anyway, what did you get your Goat for Christmas? Our lifestyle advisor, Craig Degenhardt got his '65 hardtop a matching set of "tiger pillows for its back seat. Paul Rader, our V.P. Promotion went out and treated his silver '70 to a classical concert down by the St. Louis archway. I got the "Green Panther" (my '66 ragtop) a neat shelf/case in which to display its trophies on the garage wall. You know, its mostly the thought that counts, so do be sure to remember your Goat on Christmas, it gets awful cold and lonely out in that dark garage. I hope your having a great holiday season, and are you looking forward to 1983? It's going to be great, we're working on the '83 International meet, scheduled for this year on July 2, at the Indianapolis "500" Racetrack, details and registration forms will be forthcoming soon. Stay tuned. Thank you.

And, Craig Degenhardt will soon be back again with the "Lifestyle Advisor" column. I know how much you missed him, but he has been unable to write articles during the past few months on account of many, many outside obligations and commitments related to his new job as press secretary to the Canadian Minister of Energy Development.

Okay, now I have a very important announcement to make:

CLASSIFIEDS. Yes, classifieds, if you've paid attention to detail, you will no doubt have noticed that classifieds are followed by bracketed numbers, for example "(5-8)" which means the ad will run from May through August, that is the fifth through the eighth month, "(4-6)" would then run April through June. So far, so good. Now (1-12) numbers usually follow parts dealer ads which run all year long, January through December....., okay, so starting in 1983, I'd like to have parts dealers update their ads at least on a yearly basis, so if you have a "(1-12)" ad, kindly update it, or let me know if you want it to continue running as is for another year. Otherwise I'll delete the ad by the February 1983 issue of the "Gas Can". The February classifieds deadline is January 10th. All ads received after that date will run in the March issue. End of important announcement. Thanks for your co-operation.

In closing, I'd like to remind you that I'm currently this newsletter's acting editor. Kindly send all the stuff you'd like published to my assistant editor at the address below, you know, items such as "car of the month", articles, etc.....

Please send black and white photographs of your Goat as color shots don't reproduce all that well when printed in black and white. Thanks.

BENCH RACING by A.J. BASTIEN

Well, I had a lot of fun last month with the "bench racing" column, so here it is again, this month, however, we went out and dug out this Pontiac Motor Division service bulletin on '64 LeMans/GTO, its kind of interesting, and the information may come in handy if yours is a '64 Goat:

Subject: Refinish 1964 Tempest LeMans Tail light bezel assembly

We have received reports of a paint peeling condition being experienced on the tail light bezel assemblies of a number of 1964 Tempest LeMans automobiles.

The following procedure, designed for field refinish, must be carefully followed if complete and lasting paint adherence is desired.

- 1) R & R tail light assembly
- 2) Disassemble tail light assembly, removing lens and weatherstripping
- 3) Clean panels and mask black painted areas
- 4) Remove paint with a commercial stripping agent such as DUPONT 999 PAINT & VARNISH REMOVER, using No. 1 steel wool
- 5) Rinse with water and dry thoroughly
- 6) Condition the metal with DUPONT VM 5717 METAL CONDITIONER or a similar product. Dry thoroughly
CAUTION: This metal conditioner is an acidic concentrate and care must be exercised to avoid skin contact
- 7) Mask panel area not to be painted
- 8) Spray with DUPONT 577 WASH PRIMER (818-012). This primer must be mixed in a 5:1 ratio (5 parts thinner to 1 part primer) and should be used or thrown away within six hours after mixing to avoid spray equipment contamination
- 9) Wipe chrome ribs clean with rag dampened with thinner using care to avoid contacting the recessed area
- 10) Spray with standard primer and wipe off chrome ribs
- 11) Paint panel with Marimba Red (Code L) and wipe off chrome ribs
CAUTION: Avoid any paint contact with black area
- 12) Force dry at 180 F for 15 minutes
- 13) Reassemble tail light assembly installing lens and weatherstripping

The flat rate and material allowance recommended for refinishing the assembly is:

1 panel 1.3 hours
2 panels 1.8 hours
material 1/2 qt.

Effective with the receipt of this bulletin, it is no longer necessary to replace the panels. Simply refinish, following the steps outlined above.

(This was issued on September 15, 1964, as an addition to dealer service manuals. I hope it helps you in restoring that '64)

MEET YOUR GTO ASSOCIATION STAFF

So you made it out to Indy 1982 and visited with your Goat Club Staffers. That's great, but on the other hand, maybe you were unable to make it; the Goat was in a zillion pieces, you just started a new job, or whatever. Well, in that case I'd like to have you meet our staff. This month, allow me to introduce our Vice-President Promotions, Paul Rader:

Paul is an okay guy, about my height, (5'11") a bit heavier, not exactly mountain-climber build, he has more of an affluent country club racquet-ball player physique. I did hear this one girl at the meet say that he was typical "dark haired and handsome", and come to think of it, Paul does kind of look like Burt Reynolds' kid cousin. Anyway, Paul fits quite nicely into his role as young and prosperous St. Louis, Missouri entrepreneur.

Well, Paul is our V.P. Promotions, and a promoter he is. Not only does he produce our club t-shirts, dash plaques, logos, etc., he is for sure a first class act. Its only a matter of time before he gets elected to the U.S. Senate. So, till then, he's entertained by all sorts of projects:

.....it's 2:30 A.M., and my phone rings:

"...Tony? Hey, let's buy Botswana!!!!"

"What??!!"

"Yeah, got great deal!! Half trillion, we also get Swaziland, private industry and mineral rights!!"

"What rights?"

"Hey, just have all the members sign half-billion dollar notes and we got it!"

"Look, *#@%***!!! it's two **¢*#! A.M.! what in the #¢**@ DO you want??!!"

"No, really, hang on, look, my dad was talking contracts with the guy from Rhodesia, gives us a lead to the King, he's drunker'n hell down at the Hilton, like Botswana kicked the hell out of Swaziland, and now we won't give this guy some bucks to pay off his war stuff....so, he'll take the Goat Club notes, sell 'em to the Limeys, pay for all the nukes and jets and stuff, and we get Botswana, he'll lease it back from us, you know, if its okay...."

"I don't *!!@*!! believe this!! You go tell this #¢**@! King to put his Swaziland right were the sun don't shine!!"

"Hey, hey, Tony, look, they've got this G.M. Vauxhall and truck plant, convert it to Goats, send Padgett down to supervise, and sneak 'em back as.... well, as nostalgia bar decorations! Jeez, we could sell a TON of 'em!!!"

"Jeeeee yourself, Paul, I don't believe this, what DO you want????"

"Hey, just give me the okay to call members, have 'em sign a standard U.C.C. note, we'll close the deal by this time next month, and, uh, er, I'll need five thou for lawyers....."

".....Lawyers!!!!!! Look, I don't believe you're doing this to me, its like late you know, look, put this in proposal form, send me 16 copies and I'll have a committee look it over, okay?, yeah, okay, look I'm wasting your ten cents so we better get off the phone, see ya, you bet, bye now...!"

Well, in retrospect, and now that I think about it, Paul is not suited for paperwork. I mean, he's an action kind of guy, so the Botswana-Swaziland deal never materialized. No doubt you would have signed half-billion dollar notes for the sheer joy of having your Goat Club own a country out in the middle of nowhere, and would the King still have sold when he sobered up? Oh well, we'd have named it Goatland, sent the King off to South Chicago, given Swaziland to Mustang Club and blown it to bits again. Anyway, Botswana's kind of far away, and Paul did realize this afterwards, so its off to the next project, last I heard of Paul, he was off to Quebec, you know, to meet with this Trudeau guy who was still recovering from a rather traumatic trans-Canadian train journey.....

WANTED AND UNWANTED

We need feature writers for the GTO Association of America Gas Can Newsletter. The articles you send need not be typewritten, we can take care of that for you. Send articles, technical tips, GTO jokes, trivia, photos and anything else of interest to the Assistant Editor, Bruce Park, Clem's Printing, Box 392, Bozeman, MT 59715. As for photos, we can only use black and white at this time, as our printer is not set up to do color: this also goes for car of the month, which you should also send to Bruce Park. When sending in the info on your car, send us some info on yourself, and your photo also, if possible.

Ads in this section are free for members of the GTO Association of America. The rate for non-members is 10 cents per word, 20 word minimum. Display advertising is \$20 per page, \$12 for a 1/2 page, and \$6 for a 1/4 page. All display ads must be camera ready.

AD DEADLINE: The Gas Can is printed once a month, by the 10th of the month. Ads received prior to the last day of the month will be included in next month's newsletter. Please let us know how many months you want your ad to run.

MAILING ADDRESS: Please send all ads to: Bruce Park, Clem's Printing, Box 392, Bozeman, MT 59715.

ABBREVIATIONS: SASE: self addressed stamped envelope (when writing in response to an ad, please send one); NOS: new old stock; NORS: new old replacement stock; VIN: vehicle identification number; PN: part number; CID: cubic inch displacement; LH, RH: left hand side, right hand side.

PARTS FOR SALE - PARTS DEALERS

GTO Owners: Keep informed, write us now, and get our latest parts list free for your GTO, and info on subscription rates and news report. Also, we have the 1964-65 tailpipe splitters reproduced, and a few other items are in the works. We also get the vacuum plating done on the armrests, factory original. We never advertise our parts. Dennis Kirban, 1482 Sugarbottom Road, Furlong, PA 18925 (1-12).

If you local Pontiac dealer can't get you the parts you need, (1970-1974 only), then contact Car McLaughlin, Parts Manager, J.C. Billion Olds-Pontiac-Datsun, 1919 West Main Street, Bozeman, Montana 59715. GTO Association members receive a 15% discount on all parts purchased through J.C. Billion. The 1964-66 GTO fender emblems (GTO crest) are still available, these are PN 9775867 and cost \$10.45 each list, \$7.85 for GTO Association members (1-12).

Notice to GTO Association members: I have located a local Pontiac dealer with a parts manager who is a genius in GTO parts and in locating hard to find parts who is willing to help association members and in some cases offer a discount. The parts manager has access to a computer to other dealers in other locations to help you in your parts hunt. The Judge's Chambers: Complete line of GTO judge parts. All front and rear spoilers, stripes, decals, glovebox emblems, ram air foam, rally wheels and license plates. The Judge bought and sold. Judge parts needed send SASE. Robert J. 1966 GTO 38904, Power glide 3.23 Posi, appliance Turbovecs, P.S. engine and trans. rebuilt, 10,000 miles ago, AM-FM cass., maroon with black interior. Asking \$4,000.00. Check after 5:30, (301) 276-4532, Galto, MD (10-11).

GTOS WANTED

I am looking for 1 of the following two cars: 1966 GTO sport Coupe. I would prefer just the body, less engine and trans. No vinyl top. I am not concerned with a highly optioned car, a plain Jane will do, just so it's all there. I am willing to pay up to \$1,500, but body and interior must be in good to very good condition. Interior and exterior colors not important. Also 1970 GTO Judge. Would like just the body less engine and trans. Once again, options not important. Willing to pay up to \$2,000, body and interior must be good to very good condition, must also have front and rear spoilers, glove box emblem, and hood tach. Colors not important. I would appreciate any help from fellow Association members. I am willing to pick up within 500 miles of my home. What about you Colorado Association members? Can you help me out? I have parts from '64, '65, '66 and '68 GTO's to trade also. If any of you have done business with me before, you know I guarantee all my parts and I think most of my prices are reasonable. Clair Down, #344, Box 567, Holstein, Iowa 51205 (11-12).

66/67 GTO convertible w/4-speed & Posi. Must be stock w/HO, RA or tripower motor. Also want RA 4 block (Code XP) and heads #722. Jim Kreim, 15 N. Long street, Shelby, Ohio 44875 (2-12).

1964 through 1971 GTOS, prefer convertibles, don't mind if they need body or mechanical work. Would like stock appearing no rust, will go anywhere on the West Coast. Call collect, Chip Baldoni (213) 362-8862 (1-12).

LITERATURE AND INFORMATION EXCHANGE

I would like to have all information on 1969 Judge concerning body, engine, suspension, transmission and interior. John T. Anderson, Box 184, Alpha, Illinois 61413, (309) 529-2168 (11-1).

I would like to hear from people who have used the Ram air IV Cam 9794041 in their low compression 400 with 1.5 rockers, auto transmission and 3.55 or smaller gears. How do you like the cam for every day street driving? Steven Perry, 2057 East 22nd Street, Brooklyn, N.Y. 11229, (212) 332-8004. (8).

Need GTO Judge information for 1969, 70 and 71. Any sales literature, factory pictures and promotional and any related materials concerning The Judge. Also, will purchase your Judge if in proper condition and if you can deliver it. Send photos. Robert J. McKenzie, 114 Prince George Drive, Hampton, VA 23669, (804) 838-2059. Clip and save this ad if not ready to sell Judge!!! (1-12).

Pictures of your Pontiac would be appreciated for an all Pontiac album I am putting together. It may be seen at different car activities I attend. Dan Nichel, Granville, IA 51022 (1-4).

From Paul Deane, did you know that in 1970 GM of Canada started producing GTO's? Instead of a letter in the Serial Number, identifying the plant, GM of Canada used the #1 which is Orharva, Ontario, Canada.

'65 Promo record, nice. \$65. Mike Carter, 6277 Clark State Road, Gahanna, Ohio 43230. (614) 855-7705 (11-1).

Wouldn't you know Hurst would introduce its new automatic control

wrapped in a '67 GTO?

It's only proper. Hurst has been in GTOs since the first GTO was born. Now that they've kicked loose the Great One for '67, with a new engine, drive train components and a 3-speed Turbo-Hydramatic, Hurst is in there with something new of its own. A console-mounted Dual Gate control that's going to switch a lot of manual-shift lovers over to automatic.

The reason is simple. Because the manual side of the Hurst automatic control is for *real*. This is no merchandising gimmick that promises you manual shift control, but in reality makes you guess your way through the automatic gears. The new Turbo-Hydro is a gutsy, performance-prone transmission that's as home on a race track as it is on the highway. And controlling it can

be as precise as handling a fully synchronized manual transmission. The Dual Gate gives you that control with its positive latching mechanism that takes the guesswork out of gear-changing, going up or down. It eliminates any possibility of missing a gear, or accidentally hitting neutral and blowing an engine.

You're in complete control. You've got the automatic side when you feel shiftless and all the advantages of the manual side when you want to let it happen.

Soon you'll be able to buy Hurst automatic controls (along with all the other Hurst products) at your speed shop. Right now, though, you'll have to buy a Pontiac to get one. Write for details. Hurst Performance Products, Dept. 61B, Warminster, Pa. 18974.
